Macomb County Directory from 1859 page 3693

1900 Census of Warren Township Michigan Image Page 299 page stamped 290 sheet 1A 1900 Census of Warren enumerators Archibald C Lyons and Fred J Hartsig transcriber Wesley Arnold historian
Note these are transcribed as written unless name is obvious. Please send corrections to me so I can correct the record. There are many that are not written clearly especially the first letter of the name. If you are searching for someone and don't find it try alternative spellings and try leaving out the first two letters of the name. Often the enumerator added what looks like an extra letter after the first letter.
Last Name in bold family may related to burial in Warren Union Cemetery. Both names in bold that person is buried in Warren Union Cemetery. Some St Clement burials are noted if known. Minek Anthony 27 sheet 1A

End of enumeration of Warren Township

--- --- ---

Michigan Census 1894 by Washington Gardner Secretary of State

This is a transcription of the 1920 Warren Township Mi Census.

It is hoped this will be useful to you. Having all of these families together in one document is more useful than separate census searches.
The Copy it was read from was not the best in addition some handwriting is questionable. Often the handwriting of the enumerator is unclear. Listed are: heads of household and some unique occupations. The occupation of most persons was listed as none, The vast majority were working on Farms. Many persons at this time were employed in auto factories and in businesses in Detroit. Those who appeared to have their own shop, teachers, clergy or other unique occupations were noted. Reference numbers to the census page are included to make it easy to look up any name for quick reference. As better copies of the census become available and as time allows corrections will be made to this work. Please send corrections to wesleyarnold@yahoo.com Wesley E Arnold humble historian.
Jacob Hartsig was enumerator in 1920 census sheet 1A p234 roll 782

1910 Census Warren Township Michigan

It is my hope that this will be useful to you and future generations. This is a snapshot of a short period of time in our history. Having all of them together in this document is more useful than trying to piece together bits from separate census searches.

Note the public copy this was made from was of poor quality and difficult to impossible to read in places. In many cases the first letter of the name was unreadable. As better copies become available I plan to revise this reading. A study of the Warren population will also yield corrections. In many cases the spelling of names back in 1910 were not the same as today's spellings. When the writing was clear I chose to use it even if it does not correspond to today's English. Accuracy is more important than political correctness Wesley E. Arnold humble historian.
